1. 副詞 **online** の使い方

日本語では「オンラインで～する」という言い方をするので、ついつい **by online** や **on online** など前置詞と一緒に使ってしまいがち。

副詞の **online** は「オンライン上で」という意味なので前置詞はいらない。

× I ordered a pizza **by online**.

○ I ordered a pizza **online**.

2. **addict** の使い方 **addiction/addicted**

addiction(名詞) = 「依存症」「常習癖」

例) **Smartphone addiction** is a growing problem. = 携帯依存症は深刻さを増す問題である

addict(動詞) = 「依存症にさせる」

例) **I'm addicted** to my smartphone. = 私は携帯中毒です

3. 「携帯ゲームをすることは目に悪い」

× **Doing online games are** bad for their eyes. (games が主語ではないので注意)

Should schools allow the use of mobile phones?

例) I believe that it is a good idea for schools to allow the use of mobile phones. I have two reasons to support my opinion. First reason is that mobile phones are useful in case of emergency. For instance, children can **contact** their parents when needed. Parents will know where they are and what they are doing by **exchanging text messages**.

Second reason is that there are variety of **educational apps** online. Children can look up the words they don't know or **get information so easily and quickly**.

Therefore, I think school should let children use their mobile phones.
